

Ncert Solutions Class 6 Geography Chapter 1

Ncert Solutions For Class 6 Geography Chapter 1 The Earth In The Solar System

1. Answer the following questions briefly.

(a) How does a planet differ from a star?

Answer

Planet differs from star in the following manner:

- Planet does not have its own light while star emits their own light.
- Planet revolves around a star while star does not revolve around any celestial bodies.
- Planet does not twinkle while star does.

(b) What is meant by the ‘Solar System’?

Answer

The system formed by the sun, eight planets, satellites, asteroids and various other celestial bodies is called the Solar System.

(c) Name all the planets according to their distance from the sun.

Answer

Planets according to their distance from the sun: Mercury, Venus, Earth, Mars, Jupiter, Saturn, Uranus, Neptune

(d) Why is the Earth called a unique planet?

Answer

Earth is called a unique planet because this is the only planet where life exists. It has conditions for supporting life. The earth is neither too hot nor too cold. It has water and air, which are very essential for our survival. The air has life-supporting gases like oxygen.

(e) Why do we see only one side of the moon always?

Answer

The moon moves around the earth in about 27 days. It takes exactly the same time to complete one spin. Therefore, only one side of the moon is visible to us on the earth.

(f) What is the Universe?

Answer

The universe consists of billions of galaxies.

2. Tick the correct answer.

(a) The planet known as the “Earth’s Twin” is

(i) Jupiter

(ii) Saturn

(iii) Venus

▶ (iii) Venus

(b) Which is the third nearest planet to the sun ?

(i) Venus

(ii) Earth

(iii) Mercury

▶ (ii) Earth

(c) All the planets move around the sun in a

(i) Circular path

(ii) Rectangular path

(iii) Elongated path

▶ (i) Elongated path

(d) The Pole Star indicates the direction to the

(i) South

(ii) North

(iii) East

▶ (ii) North

(e) Asteroids are found between the orbits of

(i) Saturn and Jupiter

(ii) Mars and Jupiter
