

Ncert Solutions Class 6 Science Chapter 1

Ncert Solutions For Class 6 Science Chapter 1 Food : Where does it come from

1. Do you find that all living beings need the same kind of food?

Answer

No, the food requirements of all living organisms are different. Depending on the food requirements, living organisms are grouped into three categories:

- Herbivores: Animals which eat only plants and plant products are called herbivores. For example: Cow, elephant, rabbit, horse, etc.
- Carnivores: Animals which eat other animals are called carnivores. For example: Lion, tiger, lizard, etc.
- Omnivores: These animals eat both plants and animals. For example: Dog, cat, crow, etc.
